Silver Wedding

This is a hard hitting gangster folk song with swinging fiddles and a pounding piano as the story takes you to a silver wedding back in the olden days. An intruder is among the guests, but the horses outside can sense danger. Who will strike first?

Silver Wedding

We're gonna have a silver wedding
everything is done
You put out the pistols, I put out the rum
The horses are uneasy in the stable tonight
The horses are uneasy, ready for a fight

Someone in the crowd is acting kinda guilty
Acting way too much and its getting kinda risky
The horses are uneasy in the stable tonight
The horses are uneasy

And I said Hey I say let's take 'em on
I said hey I say lets take 'em on
I said hey, I say lets take 'em on
I said hey I said hey

They're stepping on your land
You've got a pistol in your hand
Why are the horses so uneasy
Like us they wanna be released

So I said hey I say let's take 'em on
I said hey I say let's take 'em on
I said hey, I say let's take 'em on
I said hey I said hey

I said take 'em on I say take 'em on
Take 'em on
